PROGRAM DESCRIPTIONS

Latina History Day

The [Latina History Day Conference](#), for which Latina History Day in California was created, draws over 600 women to celebrate the historic accomplishments of Latinas and partake in forums on corporate advancement, the state of public education, and financial empowerment. Scheduled annually on the second Friday of March, Latina History Day is the only conference in Los Angeles that is designed specifically to meet the needs of Latina professionals. The conference offers resources, skills development, and networking opportunities to advance her career. There are two special workshops designated for high school students, which address financial empowerment and promote teen wellness.

Latina Action Day- Sacramento

The [Latina Action Day Sacramento Conference](#) convenes 600 Latina leaders from all regions of California in Sacramento for an annual public policy issues conference. This one day conference is designed to facilitate dialogue between corporate and community Latina leaders and elected officials on public policies affecting Latinas in California. Through town halls, public hearings, and workshops, HOPE presents up to date information, analysis, and access to decision makers on critical issues such as access to healthcare, higher education, and the California State budget. The Youth Town Hall is especially popular among youth as it is lead by youth leaders and supporters.
